

COMPETITION AND ANTITRUST

ANTITRUST AUTHORITIES ARE STRICTER, ESPECIALLY IN INDUSTRIES DOMINATED BY LARGE COMPANIES AND IN TRANSACTIONS THAT COULD AFFECT COMPETITION. UNDERSTANDING THE RISKS ASSOCIATED WITH COMPETITION LAW IS STRATEGIC IN THIS SCENARIO, ESPECIALLY WHEN EVALUATING EXPANSIONS BASED ON MERGERS AND ACQUISITIONS, COOPERATION WITH COMPETITORS, AND COMMERCIAL PRACTICES THAT COULD ATTRACT THE ATTENTION OF REGULATORS.

OUR EXPERTISE IN COMPETITION LAW

Our team has extensive experience in representing clients before the Administrative Council for Economic Defense (CADE), including participation in complex domestic and international merger transactions. Our involvement often begins at the planning stage of transactions, which allows us to proactively identify and mitigate antitrust risks.

In the field of investigations into anti-competitive practices, we have a solid track record of successful defenses and representation in negotiations for leniency agreements, cease and desist agreements, and consent decrees or orders.

Our work also stands out in consulting on the development of business practices, in which we assess antitrust risks and help shape appropriate strategies to ensure regulatory compliance, maximize operational efficiency, and strengthen clients' competitiveness in their markets.

PROTECT YOUR COMPANY

We specialize in implementing antitrust compliance programs. We identify critical points of the client's activities, present the risks involved and the appropriate mitigating measures, and develop training to ensure understanding and compliance with applicable regulations.

We also support our clients in litigation involving economic law and provide analysis and opinions that support growth and innovation strategies.

Our team's expertise in national antitrust regulation provides the necessary security for your company's expansion strategy, reducing exposure to risks and strengthening your competitive position in the market.
