MACHADO MEYER RECOGNIZED AT THE LATIN AMERICAN LAWYER ENERGY & INFRASTRUCTURE AWARDS 2026

11 SEPTEMBER 2026

Machado Meyer was recognized at the **The Latin American Lawyer Energy & Infrastructure Awards 2026**, one of the most prestigious legal industry awards focused on the energy and infrastructure sectors. The firm was the **only law firm to receive two institutional awards in the 2026 edition**, winning **Law Firm of the Year – Finance** and **Law Firm of the Year – Utilities**.

The awards recognize law firms and professionals involved in significant transactions, financings, and projects that contribute to the development of the energy and infrastructure sectors across Latin America, highlighting technical excellence, legal innovation, and the strategic impact of their advisory work.

This recognition reinforces Machado Meyer's position as a leading firm in strategic matters involving these sectors and demonstrates its ability to deliver integrated solutions by combining specialized legal expertise, business acumen, and a multidisciplinary approach focused on creating value for its clients.
